

## **Small Community Grant Program Funding Requests**

The Department of Environmental Protection is now accepting applications for Small Community Grant (SCG) program funding requests to correct **malfunctioning septic systems which directly or indirectly discharge sewage to waterbodies of the State, or are causing public health problems.**

The SCG application is a step process for which Step One of the application must be submitted by **April 19, 2019 before 5 pm to the SCG Coordinator.**

**Contact Adam Doody or stop in at the office today for more information**

**207-455-8485**
